

R22, R44 & R66 MAINTENANCE & INSPECTION KITS – 20 OCTOBER 2022

Kits contain overhauled/exchange components and new parts for the R22 2200-hour, R44 2200-hour, R44 Cadet 2400-hour and the R66 2000-hour airframe maintenance and inspection. Please refer to appropriate Illustrated Parts Catalog for kit contents. Specifications and prices are subject to change without prior notice.

Dealers and Service Centers may pay the core charge and/or submit exchange components to RHC in advance of kit shipment. Core charge includes a \$500.00 charge for the tail rotor assembly. RHC will inspect exchange components to determine core value. Please specify aircraft serial number when ordering.
